

- What to do:**
1. Download your bunting and print it out – we recommend printing 3 sheets.
 2. Carefully cut out the triangles and the two holes at the top.
 3. Make it your own! Get creative and colour in the blank template or just use the ones we've made.
 4. Thread some string or ribbon through the holes.
 5. Use a small piece of tape on the back of the triangles to hold the string in place.
