

# Thank you for holding a fundraiser!

For too long pancreatic cancer has been left behind. Survival rates have improved enormously for most cancers. Sadly, for pancreatic cancer, this is not the case. But there is hope. With your fundraising we can continue to support people now, campaign for change and invest in vital research to detect early, treat better and transform care.

We've included our top tips below to make your fundraiser a success. You can also download a sponsorship form and create-your-own bunting sheet or order fundraising materials on our [website](#).

## This is how the money you raise could help:

**£14**

Could fund a nurse on our **Support Line**.

**£25**

Could go towards developing a simple test to diagnose pancreatic cancer earlier

**£58**

Could fund research that will make **early diagnosis a reality**

**£500**

Could fund **20 hours** with a nurse on our **Support Line**

## Fundraising top tips

### Make a plan and spread the word

Decide where you're going to host your fundraiser, whether in your home, or in a venue in your area. You can spread the word by posting invites to your friends and neighbours, putting up posters in your local area or posting on local Facebook groups.

### Maximise your fundraising

Personalise your fundraising page with details of your event and information about why you're raising money. Download your QR from your Fundraising Dashboard and display it so people can also donate online. Log into your fundraising page [here](#). Include some additional activities and competitions, like a raffle or quiz, and encourage people to donate to participate.

### Keep it safe and legal

It's important that you're safe and legal whilst fundraising in aid of Pancreatic Cancer UK, especially if you're serving food and drink or organising a raffle. Please read our guidance on Fundraising and the Law [here](#).

### After your event

If you collect cash donations at your fundraiser, it's important to count, record and bank the money raised as soon as you can. It's a good idea to do this with one other person. Find out how to pay this to the charity [here](#). Don't forget to say a big thank you to everyone who supported you!
